Your specific prescription benefit plan design may not cover certain categories, regardless of their appearance in this document.

Your patient is covered under a prescription benefit plan. As a way to help manage healthcare costs, authorize generic substitution whenever possible. If you believe a brand name product is necessary, consider prescribing a brand name on this list.

Please note:
- Generic substitution is not included or does it guarantee coverage, but represents a summary of prescription coverage.
- The plan participant's specific prescription benefit plan may have a different co-pay for specific products on the list.
- Unless specifically indicated, drug list products will include all dosages forms.
